make a big difference to the way your children play and learn outdoors

Get the most out of those unused areas

Whether it's muddy, rough ground or an existing old play surface, by using any of our products you can transform your area and bring play to life.

Don't compromise with safety

Avoid running mud into your school saving time and cleaning costs

Providing dry clean play areas reduces your cleaning and maintenance costs. Dry corridors and entrance halls will reduce/minimise accidents inside.

Soft cushioned feel

From play to more serious sports

Artificial Grass

The Mount School Huddersfield
This is one of two play areas that we covered in
a two tone soft 30mm grass.

Avoid dry hard dusty ground in summer and wet and muddy puddles in winter.

**the safe and attractive
solution for under play
equipment**

**quick and simple
to install**

**What OFSTED says
about outdoor play**

- Outdoor play is key to a child's development
- Children should have a minimum of 2 hours physical activity per week
- We need more opportunities for pupils to be physically active
- There is a general lack of outdoor facilities

Critical Fall Height
up to 2.4 metre tested

**Transform your
play areas**

With the minimum of
fuss and distribution

For Learning

For play

all year all weather natural play

Make the most of unused, shaded and/or high - wear areas. Transform your school and create safe environments the children can enjoy for years.

Benefits at a glance

- Creates safe play
- Ideal in shaded areas where grass doesn't grow
- Good in poorly draining areas
- Very hard wearing
- Allows all year round play (without muddy mess)
- Helps prevent injury when playing
- Already used by many local authorities
- Tested to BS EN 1177
- Can be laid over any surface including concrete or tarmac
- UV Stabilised (does not fade)
- Maintenance free
