As**GoodAsGrass**<sup>Ltd</sup>  
“The Closest thing to Real Grass”

# Introduction

**As Good As Grass** has developed a wide range of artificial grass products for landscape, leisure, playgrounds and multi sports, based on many years experience in the synthetic turf industry. The design and composition of **As Good As Grass** products are being developed with the leading European sports turf systems producer GreenFields.

**As Good As Grass** assures that all products conform with the European quality norms. This creates surfaces that are safe for the environment, people and animals.

Please feel free to contact the office for any information you may require.

Our sales team will be happy to assist you, whether your project is a large multi sports pitch or a small residential back garden. You can be certain with **As Good As Grass** it will be low maintenance, no more rolling, mowing or weeding.

We hope the brochure and samples provide the information you require.

Regards

The As Good As Grass Team.

## We offer several services for all our clients –

For any further advice please call the office on **0845 22 11 345**.

# Around your home

The **As Good As Grass** product range has been developed with our residential customers in mind.

Therefore the grasses are very soft making an extremely good surface for children. Despite being soft our products are very durable and we back this up with a 7 year warranty which is offered with all residential grass installations. In addition the grasses are pet friendly and therefore easy to clean. We also have many tones of green available to suit various tastes.

Pets & children can have year-round fun, without you having to worry about re-turfing your lawn!

Feel free to sketch your garden on the graph paper supplied with this brochure. Post it back to us and we will happily provide a quote, or just call the office with your measurements and let us do the rest.

- **As Good As Grass** is an established company with many years experience in manufacturing, supply and installation of synthetic grass.
- We are a growing business based in Lancashire, with a regional office in London and pride ourselves in offering an excellent standard of work.
- Our supply and installations cover - U.K. and Ireland, Europe and Canary Islands.

## Benefits

- We offer products that do not need to be sand or rubber filled.
- Our synthetic turf is installed with a 7 year warranty.
- Add's value to your home.
- Green all year.
- Durable.
- Fade resistant.
- A multi purpose play area that can be used all year round.
- Low maintenance.
- Natural look that compliments the surroundings.
- Weather proof.

# Kids Play

We currently offer a full installation service for schools and nurseries across the UK. Many play areas vary from 10 sq/m's up to several thousand sq/m's in size. No matter what the size, **As Good As Grass** can offer a complete turnkey solution, which ensures the transition from tarmac, concrete or natural grass to a low maintenance synthetic grass.

Many schools wish to create multi use areas. We have the ability to transform any area to accommodate all sporting requirements.

At **As Good As Grass** we appreciate that budget can play a major factor, we work alongside fund raising committees and can discuss payment plans. Any one of our dedicated sales team will be happy to help.

Many colours and designs available creating a fun and colourful environment.

School playgrounds and parks require safety features for the grounds on which children play; the HIC (head injury criteria) is one such safety requirement. Our high performance foam provides state-of-the-art children's playground flooring for safety conscious schools.

Polyethylene products which are soft and reduce abrasion when fallen on.

## Playground Outdoor Flooring

Artificial grass flooring is more aesthetically pleasing than tarmac or wet pour rubber and can provide a child friendly outdoor environment.

**As Good As Grass** have a wide product range to cater for your school's needs and can provide expert advice regarding the best outdoor flooring solution for you.

## Safety Surface

As you well know health and safety is a key element in any decision making process. For this reason we also supply a safety "shock pad" that can cover critical fall height requirements for up to 2.5 metres. This allows climbing equipment, slides and swings etc to be installed in conjunction with our grass, but without risk. A sample of this product is available on request.

## School Garden

Many will overlook artificial grass as a solution to lawn care. Our low maintenance outdoor flooring is exceptionally realistic and will prove to be a sound investment with our 7 year warranty. **As Good As Grass** have laid hundreds of artificial surfaces throughout the UK and are especially pleased to help schools reap the benefits.

Visit our website for case studies.

# Commercial

We have supplied grass for various commercial projects and worked with many different companies including:

ITV's Coronation Street  
Setanta  
The Conran Shop  
Selfridges  
60 Minute Makeover  
Guinness

Adidas  
Goal  
Pimms  
Channel 4's Hollyoaks  
Weight Watchers  
Grand Designs

In addition we supplied and installed over 500 sq/m's in 3 hours at Newcastle Train Station as part of the governments initiative to "Go Green".

We can also supply a temporary surface solution which is very popular at weddings and garden parties.

## As Comfy As Carpet

**As Comfy As Carpet** is a new outdoor carpet solution, available in a array of natural and trendy colours. With **As Comfy As Carpet** you can decorate your outdoor environment in a trendy and colourful way.

[www.ascomfyascarpet.co.uk](http://www.ascomfyascarpet.co.uk)

## Events and Functions

We specialise in project planning and management and have the experience to meet tight deadlines ensuring your event runs smoothly.

## Eye Catching

Need to make an impact!! Suitable, fire resistant products for indoor events.

## Major Events

"Rock in Rio Madrid" was the largest international pop / rock event of 2008. Over 200,000 people per day attended taking the total attendance over 1 million! Given the serious drought experienced during the summer period in Spain, organizers decided to install synthetic turf to cover a 50,000 sqm area with great success.

## Sports

According to many reports athletes can enjoy improved fitness and less injuries with our sports shock pad. The air cushioned foam provides a superior running surface due to reduced impact absorption on the athlete's body. Furthermore, any risks of injury are reduced by the softer sports grass surface.

## Landscape Flooring

Landscaping is often hindered by a poor sub-base on which artificial grass is being laid. Our leisure pads provide stability, comfort and safety without the need for extensive ground work. Many architects are now investing in safety flooring to reduce the costs and effort of landscape flooring projects.

# Sports Grass

**As Good As Grass** partner Greenfields who are based in Netherlands, Greenfields have extensive experience in the manufacturing, construction, installation and development of innovative synthetic turf systems, in combination with the worlds leading sports bodies.
